Praying for Great Rehearsals . . .

While Annette and I are with our SINGING SENIORS at Ridgecrest, NC, you can be certain we'll be praying you guys to have fun and productive rehearsals! I appreciate Casey directing both the choir's and orchestra's rehearsals tonight, and know that all of you will give him your very best effort in preparing our Sunday music, as well as continuing work on our Christmas music (choir). Orchestra, we'll start looking at DEO music next Wednesday, so make a really big effort tonight to "feel good" about our upcoming Sunday things so we can dedicate much of our rehearsal time going forward to DEO.

We return to Pensacola this Saturday evening, so will plan on seeing you in worship Sunday as we sing two great ones . . . *Be Strong* for the Call, and *Go Down, Moses* for the anthem. Especially am I excited about sharing *Go Down, Moses* again! It's such a great "effects" piece, and I know our folks will enjoy hearing it. Let's shoot for an overflowing choir loft and orchestra pit as we lead!

THE CHOIR & ORCHESTRA AS "FAMILY" . . .

As Nancy Hinson shared her heart with us this past Sunday concerning her recent diagnosis, I was reminded again that we are about much more than making music . . . *we are family*. I know we all know that already, but it's good to be reminded of it. We work hard together week after week striving toward a common goal, we support one another in the hard times, we get excited with one another in the great times, and we pray for one another in all times. I thank God for my musical family, and cannot imagine life without it. Let us continue to lift up to God all our *family members* at their points of need.

About Your DEO Demo CDs . . .

Let me start off by saying, *The best laid plans of mice & men*. That statement should give you a huge hint that, though I meant to, the schedule just didn't allow me to complete your Demo CDs by tonight. Hopefully, they will be ready by next Wednesday. Speaking of CDs, we'll complete laying down all the tracks on this Sunday for our upcoming *Alleluias* CD Set, and be ready to start the mix-down process on Monday. Assuming we upload the master to the replication company's site by Nov. 1, along with the print material, we should have the finished product back by Nov. 23. *I can't wait!!!*
